

RJST3000

JUMPSTART PRO 3000

12/24V LITHIUM JUMP STARTER

Combining power and portability, JUMPSTART PRO 3000 is capable of starting all petrol engines and up to 13L diesel engines. With 12V and 24V capability and boost functionality, the unit starts larger vehicles and depleted batteries with ease. In-built polarity protection and auto-voltage detection ensures this is completed safely.

Compact and lightweight, the unit features integrated cable storage, carry handle and a bright led torch. Recharging is simple via either USB-C or the included DC charger which takes only 4 hours to fully charge. Additionally, the two USB-A ports allow users to recharge mobile devices whilst on the go.

12V/24V Voltage	Auto Voltage Detect	Jump start	3kg Portable	ALL 12V Engines Engine size
Up to 13L 24V Diesel Engine size	LED light	4h Fast charging	Compact design	Rechargeable

Features

- **Suitable for ALL petrol engines**
- **Suitable for up to 13L diesel engines**
- **Powerful battery** 36,400mAh
- **Built in clamp holders** Neat storage to keep workspace safe and organised
- **Compact and lightweight** Easy to transport with solid handle
- **Streamlined interface** Enables clear and intuitive navigation
- **Boost button** Starts completely depleted batteries
- **Safety protections** Auto voltage detect ensures voltage remains within a safe range
- **LED Work Light** Brightly illuminates dark areas so can be used at any time of the day
- **Warning Light** Alerts you that there is a problem with the device or connection. Solid light: reverse polarity protection. Flashing light: temperature protection
- **Battery Level Indicator** Monitor battery levels to ensure the battery is not flat when you need it
- **Fast Charge Time** Efficiently charges to full in 4 hours with USB-C
- **Power bank function** x2 USB-A outputs

Specification

Product Code	RJST3000
Voltage	12/24V DC
Internal Battery Voltage (nominal)	36,400mAh
Starting Current	500A
Peak Current	2500A
Max Cranking Time	2 Seconds
Battery Type	Lithium Ion
Battery Capacity	36,400mAh
Operating Temperature	-40°C – 35°C
Charging input	DC 29V / 2A
Charge Time	4 Hours
LED Light	3W
Weight	3KG
Product Dimensions	L: 252mm H: 188mm W: 150mm
Pack Dimensions	L: 260mm H: 205mm W: 161mm
Case Quantity	1 x 1
Barcode	5055175264196
